

This Spectrum Magnetic Feeder gets fragile oil filter retainers to an assembly station, gently, at more than 100 pieces per minute.

Gentle handling and common sense noise control keeps sound pressure below 85 decibels.

Fragile parts *can* be fed! Ask *the* feeder people at Spectrum.

# Fragile Parts?

Feed *and* coddle 'em with Spectrum's gentle ways.

Call or write Spectrum, *the* knowhow feeder people.
