

Extra features...

make good feeders better.

Over 5500 machines in 23 countries

A host of extra features were used to get best value and quick payoff.
These feeders place pairs of cam lobes into fixture nests.

Some of the extra features are:

- Bin level sensor and overhead beacon to signal the need for stock.
- Bin rim stock gondola support with air bag dump action.
- Designed, hardened, bolt-in, dual path, orientor tooling.
- Blue spring steel track, with work hardening steel ride rails.
- Quick access track guide rails.
- Fixture nest loader.

Let Spectrum tailor your feeder with fast payback features.
