

This SPECTRUM feeder stores, elevates, orients and feeds a range of PET preform sizes at better than sixty pieces per minute.

Six to seventy cubic feet storage bins are available.

Changeover from one size to another takes but a few minutes.

Get the most from your bottle-making machinery with SPECTRUM time-proven feeders.

PET...

... bottle preforms are fed, best, by SPECTRUM.

A complete feeder package takes the guesswork out of preform handling.

Get it from SPECTRUM.

Call, write, or drop in.
