

“BOWL BEATER!”

Off-the-shelf, small parts feeders are now a reality!

- Low profile, small footprint floorbin elevators one cubic foot capacity are priced right for quick delivery.
- Simple rolling or sliding parts are gently elevated and metered to optional orientor tooling.
- Here, Spacer Rings are coaxed to roll diameter to diameter to further action.
- Optional escapements, distributors, pneumatic propulsion, flex tracks, and receivers are quickly tailored to suit.
- Electrical controls, function sensors, and enclosures are also optional standards.
- Without an enclosure, sound pressure is less than 80 dB(A).
- These units can be floor, pedestal, or overhead mounted to further meet your needs.
