

18.9 million Bolt Blanks...

...were fed to a straightener/thread roller for 12.5 years to make big, long Bolts like this.

The feeder was tired.

For less than 30% of a new feeder price, Spectrum did a complete rebuild to handle, yet another, 14,175 tons of cold headed Blanks at 60 pieces per minute.

Quality Lives on!!

Actual Size.....
